## Infinity<sup>®</sup> System Control

Premium comfort, efficiency and convenience at your fingertips

SYSTXCCITC01-B, SYSTXCCWIC01-B

## Designed with Your Comfort in Mind

Sleek and intuitive, the Infinity® System Control helps you get more out of our most advanced comfort systems with these features:

### Precise comfort

When part of a complete Infinity system with Greenspeed intelligence, the control makes subtle adjustments for precise temperature and humidity control.

### Simple to use

Quick-read icons and simple, on-screen prompts make it easy to take control of your comfort needs.

### Maximizes efficiency

Optimize your savings by smoothly and efficiently bringing comfort levels to programmed settings. Occupancy sensing automatically sets the system to its highest efficiency when you're away.

### Provides reminders

The Infinity System Control reminds you when it's time to change filters, humidifier pads, UV lights or schedule a system checkup.

### Hands-free operation

Works with Amazon® Alexa® for home automation when you add it as an Alexa skill.

### Anywhere access

Control your system from anywhere through [myinfinitytouch.carrier.com](http://myinfinitytouch.carrier.com) or by using the MyInfinity app on your iOS® or Android® devices.<sup>1</sup>

### Room-to-room control

Manage up to eight zones with optional sensors.<sup>1</sup>

### Peace of mind

Ten-year-limited warranty if registered within 90 days of installation.<sup>2</sup>

## Featured Technologies

Complete Infinity® systems feature these exclusive advancements:

### Greenspeed® Intelligence (Select systems)

Our variable-speed technology along with Infinity® intelligence delivers precise comfort, enhanced humidity management and outstanding efficiency.

### Ideal Humidity System™ technology

With a variable-speed blower from your indoor unit, the Ideal Humidity System technology can remove moisture from the air during the summer, making the air feel cooler.

### Comfort Heat Technology® Feature

Intelligently stages heating cycles to reduce temperature swings and improve efficiency.

### Hybrid Heat® Technology

A dual fuel solution that combines an electric heat pump with a gas furnace. This allows the system to choose the most efficient fuel source while delivering year-round comfort and efficiency.

<sup>1</sup> When connected to the Internet through a Wi-Fi® network.

<sup>2</sup> To the original owner, when product is used in an owner-occupied residence, a 10-year parts limited warranty upon timely registration of your new equipment. Warranty period is five years if not registered within 90 days except in jurisdictions where warranty benefits cannot be conditioned upon registration. See warranty certificate for complete details.

## The Total Indoor Comfort System

Your Carrier dealer will recommend a system to meet your home-comfort needs and local weather environment:

- 1. Infinity® Air Conditioner** provides reliable, efficient cooling for long-lasting comfort and potential energy savings.
- 2. Infinity® Gas Furnace** provides reliable, high-efficiency heating for long-lasting comfort and potential energy savings.
- 3. Infinity® System Control** allows precise temperature and humidity control along with programmable features to further customize your comfort.<sup>3</sup>
- 4. Zoning** sets different temperatures from three to up to eight different areas of your home for truly customized comfort and possible utility savings.
- 5. Infinity® Air Purifier** improves air quality by capturing and killing select airborne bacteria and viruses and other irritating airborne pollutants in your home.<sup>4</sup>
- 6. Humidifier** replenishes moisture to dry air.
- 7. UV Lamp** inhibits the growth of contaminants on the evaporator coil, leaving your home with fresher indoor air.
- 8. Ventilator** combines fresh outdoor air with conditioned indoor air for improved air quality – great for today's tightly constructed home.
- 9. Evaporator Coil** is matched with the proper outdoor unit to provide even more cooling efficiency and years of reliable service.

- <sup>1</sup> Based on Carrier testing. Compared to a single stage 13.0 SEER system, in worst-case conditions (cool and damp).
- <sup>2</sup> Depends on model combination. Based on Carrier lab testing of Infinity 26/24 models and AHRI sound level data for competitors' variable-speed outdoor units, published as of 12/19.
- <sup>3</sup> Thermostat must be connected to Wi-Fi®. App requires iOS® or Android™ mobile device.
- <sup>4</sup> Based on third-party testing (2012) showing 95% of particles size 1.0 to 3.0 microns captured and based on third-party testing (2012, 2007) showing >99% kill rate for common cold surrogate, *Streptococcus pyogenes* and human influenza.

## More Than a Century of Cool

In 1902, a determined engineer answered one of mankind's most nagging questions: How do we make hot, sticky, indoor air go away? In creating the world's first modern air conditioning system, Willis Carrier forever changed indoor life, and, more than a century later, the corporation that bears his name takes inspiration from his example.

Carrier strives to improve on our founder's breakthroughs, introducing new technologies that make life at home even cooler. Today, a nationwide network of experts continues to advance Willis Carrier's lifework. Your expert Carrier dealer is equipped to evaluate your home and create a customized system designed around your lifestyle.
